

SKYLINE:TEN BASIC

INDOOR STATION VIDEO

FLUSH-MOUNT

TCS:
BUS

USER INTERFACE

Expected comfort already usable at the front door. Via the TCS:BUS the indoor station receives centrally sent text messages. This could be information on the landlord or the manufacturer. Thanks to pre-installed Apps, the indoor station displays calendar, current weather forecasts or even the latest E-Mails. Via browser even surfing the internet is possible.

Touch display with 25.6 cm (10.1") screen

Resolution 1.280x800 pixel

Intuitive operation

4 function buttons

Integrated SD card reader to transmit image and music files

Receipt of TCS:BUS messages

Digital image frame with background music

Integrated LAN and WLAN

Aluminium anodised silver or black

Item no.
