

Maintenance Package		
Fields of application		
application		for configuration, analysis and maintenance of TCS systems
Functionality displaying, switching, controlling		
approved for		auxiliary software
application		for simplified programming
full versions for user software		restricted version included (registration key with costs necessary)
Scope of delivery		
Maintenance Package		FBI1210-0 (incl. product information)
maintenance interface with USB port		1x
TCS media (CDROM)		1x
adapter		1x
handset to test voice communication		1x
connecting cable		for connection

Maintenance interface, USB		
Interface features		
connection		PC (laptop) with TCS system
status indication		for operating modes and transmission status
USB port		standardised
galvanic isolation		between TCS system and PC
Electrical features		
input current I(a)	mA	0.6
input current I(P), standby	mA	11
input current I(Pmax), max.	mA	14
Commissioning and maintenance		
interface operation		system driver necessary
USB interfaces		USB1.1   USB2.0
Dimension H x W x (D)		
maintenance interface		20 x 95 x 42
Climatic features		
acceptable ambient temperature	°C	0 to +40

Maintenance Package consisting of interface and auxiliary software for configuration, analysis and maintenance of TCS systems.
